

Holy Trinity Blue & Gold Inc. - PO Box 2116 - Westfield, NJ 07090 - www.blueandgold.org

On behalf of the Blue & Gold Board of Directors, I would like to extend our appreciation to the Holy Trinity School community for your support in 2018 of our fund-raising efforts. Most of the funds raised were used to replace the roof of the school in its entirety. This project is almost invisible to the community and some might struggle to measure the impact of the project, but the completion of the roof helped set in motion the replacement of the floor, basketball backboard systems, curtains, and chairs in the Events Center.

A special thanks to Keith Gibbons and Mike O'Neil for their ongoing efforts in securing funds for these improvement projects. I am excited to see the progress being made at Holy Trinity School and look forward to the positive impact it will have on our children and community.

We are now turning our sites on smaller, more visible needs that have the potential for an immediate impact on the student experience. We are working with both Dr. Ellis and Father Anthony to support various initiatives, including the potential for a media room, customized floor mats and a kitchenette for the Events Center. Their leadership, vision, and experience will continue to benefit our school and mission.

Finally, I want to once again extend my appreciation on behalf of the board to the many members of our community that have supported the efforts of Blue & Gold.

Happy Thanksgiving to you and your families!

Brendan R. Murray
President, Blue & Gold Inc.
